**The Bike:** 1966 Ducati 250 Monza  
**The Owner:** Joe Anania

Joe Anania spent years working on commercial airliners where he developed a keen eye for detail and spot-on technical skills that serve him well as the owner of Joe's Cycle in Minneapolis. The dedicated antique bike restorer and café racer fan ran off with the hearts of the judges and audience at our Mid-Ohio show for his 1966 Ducati 250 Monza, a splendid little thumper that runs cool blue and silver livery, a Duck 900SS tail section, original drum brakes, clubman bars and hand-made aluminum side panels. Tasty? Like a Marmite sandwich.
